PTAK WARSAW EXPO

FAIRS, CONFERENCES, EVENTS

PTAK WARSAW EXPO

LADIES AND GENTLEMEN,

Ptak Warsaw Expo, learning from the experience of the largest and the best trade fair venues in Europe and from around the World, aims to create a new original format of trade fairs, attractive likewise for business and consumers.

We have everything, what is necessary to achieve success: huge exhibition surface, which makes us the largest trade fair centre in Central Europe, convenient location on the crossroads of main transport links, close to the intercontinental airport and excellent technical resources, enabling us to organise multiple events at the same time.

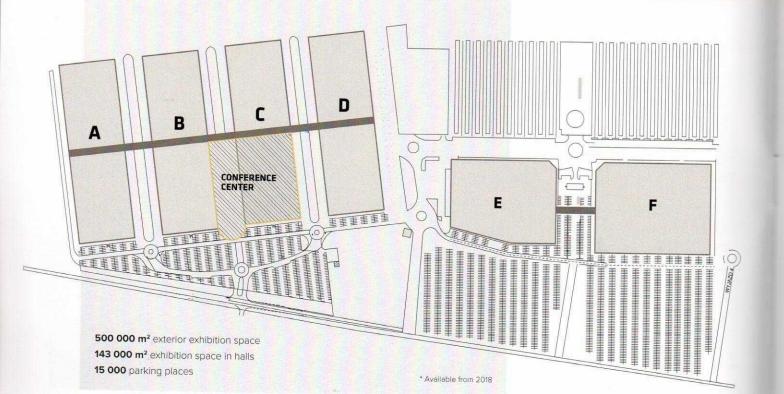

We are hosting over 30 trade fairs during the calendar year organised not only by us but also by external entities. I invite you to get to know more about what Ptak Warsaw Expo has to offer.

Lawid Hak Owner of Ptak Warsaw Expo

WE ARE DEVELOPING INTERNATIONAL COOPERATION

OUR TRADE FAIR NOVELTIES

Call Center service with data base of 232 300 business and individual client

High turnovers of visitors are compromised of innovative program we have introduced. We are organising transport of visitor groups made of trade specialists, who are representing main industries during particular trade fairs e.g. during Agricultural Fair we hosted 320 groups from all over Poland. Additionally we are being visited by school groups e.g. during Warsaw Gastro Show we had more than 200 coaches with groups coming over.

More importantly we are organising bus service from Warsaw city center to Ptak Warsaw Expo off charge.
